

The Program

The Underrepresented Minority Graduate Fellowship Program grants up to \$10,000 for full time enrollment in the graduate programs at SUNY Geneseo. Fellowships cover the costs of:

- **Tuition**
- **Fees**
- **Books**
- **Stipend for living expenses**

We hope that such levels of support will lessen the need for part-time employment and allow students to focus on attaining their degree.

Only students enrolled in 12 or more credit hours are eligible for the full \$10,000 award. Students enrolled in part-time study will receive partial fellowships which pay tuition and assist with books and transportation costs.

Priority for participation in the fellowship program is given in the following order:

#1 - Students who enroll for full-time study - 12 or more credit hours.

#2 - Students who have received a Graduate Tuition Waiver who can use the fellowship to supplement their waiver of tuition.

#3 - Students who have received a Graduate Assistantship or Teaching Assistantship who can use the fellowship to supplement their stipend. Fellows are required to apply for the Tuition Assistance Program, which if received, will constitute part of the fellowship.

Eligibility & Application Process

To be eligible, applicants must be U.S. citizens or have permanent resident status and be of African American, Latino, or Native American descent. Students must remain in good academic standing for continued eligibility for the award.

Applicants to a SUNY Geneseo graduate program must submit a separate fellowship application to the Office of Multicultural Affairs & Disability Services. Application deadlines for the Fellowship are the same as those for the graduate admissions application. (Refer to the Instructions for Completion of Application for Graduate Admission for specific dates). To be eligible to receive this Fellowship, students must first be admitted to their selected program of study.

For an application, contact:
